

# Hengkun(Leo) Zhang

Montreal, QC | zhk20042004@gmail.com | 438-345-5678

**Languages:** English (Fluent), French (Intermediate), Mandarin (Fluent)

[www.linkedin.com/in/hengkunZhang](https://www.linkedin.com/in/hengkunZhang); [iehelporg.org](http://iehelporg.org)

---

## Education

**McGill University** | Bachelor of Science, Computer Science | 2024 - 2028

- Minor in GIS & Remote Sensing
  - **GPA:** 3.75
  - **Relevant Coursework:** Algorithm and Data Structure, Software System, Foundations of Programming
- 

## Technical Skills

**Programming Languages:** Python, Java, JavaScript, Bash, C, HTML/CSS,

**Database:** MySQL

**Tools:** ArcGIS, Photoshop, AfterEffect, Excel

---

## Relevant Experience

**IT Support Specialist | International Education Help Organization(IEHO) | 2024 - Present**

- **Web Development:** Led frontend redesign with HTML/CSS/JavaScript, **increasing user engagement** ([iehelporg.org](http://iehelporg.org)),
- **Designing and updating the website content**
- **Database Optimization:** Maintained relational databases (MySQL), **improving query efficiency by 30%**

**GIS Data Analyst Intern | Qingdao Maipuji Technology | 2024 Summer**

- **Data Visualization:** Automated geospatial data processing using Python and ArcGIS, **reducing manual workload**
  - **Cross-functional Collaboration:** Partnered with the sales team to deliver 10+ client reports, **increasing project completion rate by 20%**
- 

## Projects

### Database Optimization Tool | Python

**Goal:** Automate database maintenance tasks for IEHO

**Action:** Developed scripts to clean and migrate 10k+ records, **reducing manual effort**

### GIS Data Pipeline Automation | Python/ArcGIS

**Goal:** Streamline repetitive GIS tasks for internship projects

**Action:** Built scripts to process 5k+ geospatial data points, **cutting processing time from 8h to 2h**
